

DIANA GUERRA

 GLOBAL COLLABORATOR | SOFTWARE
DEVELOPER | AGILE ENTHUSIAST 

TO WHOM IT MAY CONCERN,

With over eight years of experience in the IT industry, I have worked as a Front End Developer, Technical Support Specialist, and Business Analyst. These roles have afforded me a diverse perspective and a multifaceted approach to problem-solving on a daily basis.

From establishing the foundation for new business lines to developing innovative applications, I have honed my ability to prioritize tasks while upholding essential responsibilities. My analytical skills allow me to assess situations from multiple viewpoints, identify root causes, and deliver optimal solutions with a consistent WIN-WIN mindset, all within a high-tech professional environment.

My technical background enriches my understanding of the Development Life Cycle.

The core responsibilities of my career include software development, where I have gained experience with agile methodologies, production support, and code deployment.

Key Strengths:

- Restorative: I am passionate about problem-solving, believing that every challenge has a solution.
- Learner: My work in IT offers continuous learning opportunities.
- Belief: Beyond my professional endeavors, I actively participate in various initiatives, such as Blood Donation Campaigns.
- Responsibility: A strong sense of accountability motivates me to seek ways to improve and contribute.
- Connectedness: I recognize the importance of teamwork in achieving superior results.

I would welcome the chance to discuss my qualifications and how they align with your needs in more detail. Thank you for considering my application, and I look forward to the opportunity to speak with you soon.

SINCERELY,

DIANA GUERRA
